

# Chapter 1: Touch & Texture

Age 3-6 | Beginner | Parent/Teacher Guided

This page pairs safe hands-on texture exploration with a simple visual matching task. The child first experiences the real material, then uses the page to show what they noticed.

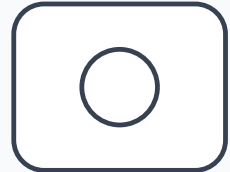

## What to do

Let the child touch one safe material. Say the texture word clearly. Ask, "Which feels

### 1. Smooth

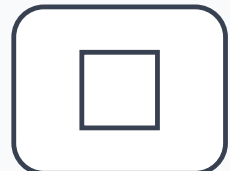

Child: point to or circle the same choice.

### 2. Rough

Child: point to or circle the same choice.

### 3. Smooth

Child: point to or circle the same choice.

Use familiar, safe materials such as a soft cloth, smooth plastic, or a textured sponge. Stop if the child is distressed or strongly avoids the material.
