

Chapter 4: Same or Different?

Age 3–6 | Beginner–Early Developing | Parent/Teacher Guided

The reference encourages exploration of textures, water, movement and environmental changes. This worksheet builds early comparison by asking the child to notice whether two experiences match.

What to do

Give two safe sensory experiences one after another. Ask, 'Same or different?' The child

1.

YES

Child: point, choose, or circle the answer.

YES

NO

2.

NO

Child: point, choose, or circle the answer.

NO

YES

3.

YES

Child: point, choose, or circle the answer.

YES

NO

The adult decides the real sensory pair. Avoid assuming every child experiences a sensation identically; the goal is learning to compare and communicate.
